Webcasts from the Annual Conference

Webcasts of all oral presentations from the 64th ASMS Conference on Mass Spectrometry and Allied Topics held June 5 - 9, 2016 in San Antonio, TX can be viewed by conference registrants until September 30, 2016. Attendees use their ASMS login credentials to access the webcast microsite, www.pathlms.com/asms.

ASMS members have year-round access to webcasts of the Tutorial, Plenary, and Award lectures from the 2006-2015 annual conferences hosted on the ASMS website at <http://www.asms.org/publications/award-plenary-and-tutorial-lectures>

Interest Groups - Get Involved

ASMS Interest Groups are for the benefit of ASMS members who wish to share information pertaining to the activities of the Society or related to mass spectrometry. There are 28 active interest groups for ASMS members. Most interest groups choose to organize an evening workshop at the annual conference. The evening workshops have become a vital part of the conference program allowing for interactions among peers in a less formal setting. Leadership of interest groups is driven by coordinators who are nominated or suggested by the interest group membership (typically during their annual evening workshop) and then formally invited by the ASMS Board.

Find the complete list of ASMS interest groups online at www.asms.org/member-center/interest-groups. Go to an interest group page to find coordinators, updates and annual conference reports from past interest group workshops. To indicate your interest group preferences, login to the ASMS website and select 'My Profile'. Then select 'Edit My Profile and Interest Group Selections' and scroll down to check boxes of all groups of interest to you. Be sure to continue to the bottom of this page to 'Save' your preferences.

Student and Post-Doc Travel Support for ASMS Small Conferences

Generous travel stipends are available to both full-time graduate students and post-docs within two years of their first appointment to attend the ASMS Asilomar Conference, the Fall Workshop and the Sanibel Conference. Twenty stipends are available for each meeting. Each stipend provides up to \$750 for reimbursement of travel and lodging expenses. Stipend recipients also receive complimentary conference or workshop registration.
