Richard Vachet, *University of Massachusetts, Amherst*
Lan Huang, *University of California, Irvine*

Springer Nature 'Change the World: One Article at a Time' Initiative

An article published in *JASMS* entitled 'Gender Diversity in a STEM Subfield – Analysis of a Large Scientific Society and Its Annual Conferences' by Evgenia Shishkova, Nicholas W. Kwiecien, Alexander S. Hebert, Michael S. Westphall, Jessica E. Prenni and Joshua J. Coon [*J. Am. Soc. Mass Spectrom.* (2017) 28: 2523-2531], was selected for inclusion in the 2018 Springer Nature 'Change the World: One Article at a Time' Initiative. Comprised of more than 250 articles nominated by the Editors-in-Chief of Springer Nature journals across all subject areas, the Initiative highlights scientific findings published in 2017 that they believe could have a significant impact on society's grand challenges. You can find the article in the Chemistry, Engineering, Physics, and Materials subsection of the Change the World website (<https://www.springernature.com/gp/researchers/campaigns/change-the-world>).

Webcasts from the Annual Conference

Webcasts of all oral presentations from the 66th ASMS Conference on Mass Spectrometry and Allied Topics held June 3 - 7, 2018 in San Diego, CA can be viewed by conference registrants until September 30th at <https://www.pathlms.com/asms>. To access the webcasts, sign in using your ASMS credentials.

ASMS members also have year-round access to webcasts of the annual conference Tutorial, Plenary, and Award lectures from 2006-present, hosted on the ASMS website at <http://www.asms.org/publications/award-plenary-and-tutorial-lectures>

JASMS Editors at ASMS

The *JASMS* Editors held their annual meeting on Sunday June 3, 2018, prior to the ASMS conference in San Diego. *JASMS* also hosted a booth in the poster/exhibition hall during the conference, where delegates had the opportunity to meet several of the Editors and to informally discuss or provide feedback on the Aims and Scope and possible future directions of the journal. To highlight the monthly 'Faces of Mass Spectrometry' feature launched in *JASMS* in March 2018, the booth also offered

delegates the opportunity to have a professional headshot photo taken for free during the conference. Based on the number of photos taken during the week, this was a very popular addition to the conference.

JASMS Editors (from left to right): Lingjun Li, Joe Loo, Veronica Bierbaum, David Russell, Richard O'Hair, Jennifer Brodbelt, Gavin Reid and Joyce Neff.

Joyce Neff, Managing Editor and Joe Loo, Editor-in-Chief at the JASMS booth.
